subscription

PHOTON International The Solar Power Magazine

Subscribe today to PHOTON International The Solar Power Magazine to receive in-depth coverage of the photovoltaic industry, from technology and markets to government programs around the world.

By subscribing to PHOTON International at a net price of €200

per year for 12 issues, you will save over 30 percent off the regular price of €300.

And students pay even less. We offer a special annual student net price of only €100. If you want to receive the student discount, please make sure to include a

copy of your student identification with your subscription order. All subscriptions are billed in euros. This subscription is valid unless cancelled at least four weeks before the next year's subscription begins. If not cancelled, the subscription continues into the following year.

A subscription can only be cancelled with a letter or a fax addressed to PHOTON Europe GmbH, Germany. In signing the subscription below, you also recognize that you can cancel this subscription during the next eight days with written correspondence to PHOTON Europe GmbH.
