

industry registry

PHOTON International The Photovoltaic Magazine

Yes, I want to enter our company in the industry registry of PHOTON International, published in each printed issue and on the website www.photon-magazine.com. The order is valid for one-half year (6 editions).

An entry in one category costs €300 and includes one line for the company name (max. 26 characters), up to five lines for the company description (36 characters per line), and four lines for the address (36 characters per line). Each extra line costs an additional €30.

If I order two entries in two categories, I will receive a discount of 20 percent; the price is €240 per entry. For three and more entries, the discount is 40 percent; the price is €180 per entry. Prices do not include VAT-taxes.

The order continues automatically for another half year if not cancelled in writing to Solar Verlag, Germany, at least four weeks before the contract ends.

Company only 26 characters, Type in bold characters
